Subject : Need for a park for senior citizens in Viman Nagar.

Sir / Madam ✓

Through the columns of your esteemed newspaper, I would like to draw your attention to an ~~urge~~ need for construction of park in our ~~for~~ senior citizens in our ~~to~~ ^{Viman} ~~Vidya~~ Nagar. ✓

There has been an increase in the number of senior citizens in ~~Vidy~~ Viman Nagar. They ^{have their walks} mostly ~~from ground~~ ^{isolated} in on the footpath or stay ~~locked up~~ in their homes. In the morning they perform their yoga on footpath which is very unsafe. I request the concerned authority to construct a park where senior citizens could freely enjoy their morning walks & yoga. ~~but~~ They will get fresh air to perform their breathing exercises. The construction of park would provide them a place to sit & relax. ✓

Plant a tree, Save life

Trees and forests are considered as God's greatest gift to humans. Existence of humans on the earth is solely because of the existence of trees. But in modern world with developing technology we seem to forget the importance of trees. ~~in~~

Humans are depended on trees for their survival. The oxygen, a gas required for our ~~surv~~ body process is obtained through air as trees release the oxygen in the process of photosynthesis. Not only for our survival, but we are also depended on trees for procurement of many raw materials used in industries. Trees are direct source of raw material for industries. ~~the~~ Medicine Industry is also depended on trees as many medicinal herbs are used in making different types of medicines. Some communities living in the forest consider trees as 'god' ^{since} as trees provides them with every resource required for their survival.

But in recent years, the cases of deforestation ~~has~~ are increasing. and also due to Global Warming, Trees are being cut down recklessly. This deforestation and interference ~~and~~ ^{of human} ~~int~~ is causing a great harm to our planet, the drastic climate changes, Global warming are all ~~or~~ the ~~outcomes~~ ^{consequences} of human's ~~ing~~ ignorance and reckless destruction of nature.

To save our planet and our future we need to start planting more and more trees. 'Deforestation' should be replaced with 'Reforestation.' For every tree we cut we need to plant two new plants and take care of them. The only way to save our future generations from extinction is by planting more and more trees and by following the motto of 'Plant a tree, save a life' as this is our opportunity to save life in the future from ~~ext~~ future extinction. ✓
